Re: Ducks Unlimited Canada (DUC) lands available for hay and grazing

Dear RM Officers, Councillors and Reeve;

In an ongoing effort to manage DUC-held properties as waterfowl and wildlife habitat while also assisting Saskatchewan livestock producers meet their need for adequate forage, DUC has again opened its tender process for lands to hay and graze.

Each year, we make available roughly 75,000 acres of hay and pasture, including several quarters of land currently up for management in your RM.

Interested ratepayers can visit ag.ducks.ca/program/land-to-hay-or-graze/ for a complete list of available land and to download and complete the 2025 Hay Sales Agreement. Completed forms can be uploaded via the above link or emailed to du_regina@ducks.ca.

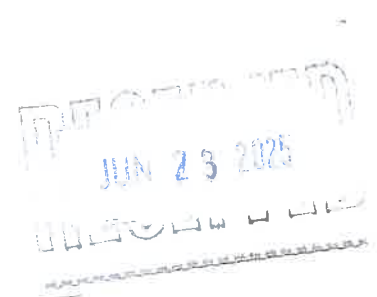

Considerations for bidders:

1. Cutting may start on or after July 15, 2025.
2. All hay must be removed from the property by October 15, 2025.
3. The bidder will leave a minimum of 4 inches of stubble on property.
4. Only one cut of hay is allowed.
5. The bidder must provide payment in full to DUC prior to cutting.

Thank you for your interest in DUC's hay and graze tender process.

Sincerely,

Ducks Unlimited Canada
